

YOUTH OPTIONS PROGRAM COURSE SELECTION GUIDELINES

Youth Options Program (YOP) students may generally be considered for enrollment in freshman or sophomore level university courses (“100” and “200” numbered courses) on a space available basis, provided they meet academic standards and prerequisite requirements. YOP course requests are reviewed for space availability after continuing students, new transfer students and new freshman students have been given the opportunity to register. This means that YOP course requests for Fall Semester are considered in early August, and course requests for Spring Semester are considered in early December.

The number and type of courses offered varies each semester. Students may wish to list several alternate courses on their YOP Program Plan and Report which they submit to their high school for approval. Students are advised to check the university website for the most current [class schedule](#) information.

If you have questions about selecting courses, you may call the Advisement Center, 715-232-1465.

To be admitted as a Youth Options student, simply indicate that status on the UW System Application for Admission form. You do not need to indicate a major, take the ACT or SAT or pay the application fee. You must gain the approval of your parents and your high school. Registration in English and math courses will depend upon your UW System Placement Exam results. You are not eligible for financial aid. You must rank in the top 50 percent of your high school class or have an ACT composite score of 22 or better, or SAT of 1030. If you have questions about Admission, you may call the Admissions Office, 715/232-1232.
