

# International Student Tuition Scholarship Application

1. International Tuition Scholarships are available to qualified International students based on academic achievement, community service and the availability of funding. The receipt of a scholarship reduces the amount of nonresident tuition owed to the university per semester.
2. International Tuition Scholarships are awarded on a competitive basis.
3. Scholarships are not available for summer sessions.
4. Tuition scholarship funding is limited. Applicants must be degree seeking, enrolled on a full time basis and have a minimum grade point average of 2.5 (*undergraduate student*), or 3.0 (*graduate student*). Applicants must re-apply each year.
4. The Office of International Education reserves the right to consider these factors in determining awards. Students are responsible for the balance of their university billing statement after the scholarship reduction to their account.
