## SUGGESTED OPTIONS

The HDFS Student-Designed Concentration (18 credits) - (22 credits for those individuals prior to 2008 program) can be designed to meet criteria for several specific careers.

### **Wisconsin Social Work Training Certificate:**

Take:	SOCWK 205 Introduction to Social Work	3 credits (offered only in Spring)
	SOCWK 430 Social Casework Methods	3 credits (offered only in Spring)
	SOCWK 440 Social Work with Groups And Communities	3 credits (offered only in Fall)

You should also plan on an 8 credit practicum in a social work setting. Four of these credits could be used in the concentration.

Also, suggested as part of the concentration taking SOCWK-420 Child and Family Agencies - 3 credits.

For more information about the application process for the Wisconsin Social Work Training Certificate – <http://drl.wi.gov/prof/soct/bpo.htm>

### **Provisional Certified Family Educator:**

Take:	HDFS-313	Parent Education	2 credits
	FCSE-451	Family Life Ed programs	2 credits

Plus 14 credits from suggested lists.

For more information about the application process for the Provisional Certified Family Life Educator – <http://ncfr.org>

Required courses for the Provisional Certified Family Life Educator require a C or better.

\* Please note for those individuals prior to 2008 – HDFS-257 Lifespan Sexuality (3 credits) is needed as well as 15 credits in concentrations.)

### **Child Life Specialist:**

Take:	FN-207 Medical Terminology	1 credit
	BIO-132 Human Biology	4 credits

Additional concentration credits should be selected from the Course Suggestions - "Working with Children" beyond requirement sheets. You will also need to document a minimum of 50 hours of "work" with children in a non-medical setting and 50 hours of work with children in a hospital setting prior to applying for a practicum. In addition to the HDFS practicum application process, you will need to apply to the hospital for a practicum at least six months prior to the actual practicum. Hospital settings will require over 400 hours for a practicum, therefore students may want to consider an 8 credit practicum. Hospital placements are competitive; students will need a cumulative GPA of over 3.0.

**School Counseling:** - preparation for M.S. degree

Check the document "Minimum Competency Course Requirements for Certification" on the Guidance and Counseling website:

<http://www.uwstout.edu/programs/msgc/>

**Gerontology Certificate:**

20 credits required (including HDFS 340 and BIO-125)

2 credits field experience and 12 credits from approved gerontology elective courses.
