B.S. Vocational Rehabilitation  
Special Education Concentration  

Special Education Concentration Objectives:  
These are the CEC special education personnel preparation standards. They are cross-referenced to the WI teacher standards and the Framework for Teaching adopted by UW-Stout. Our entire curriculum will be aligned with these standards.

1. Understand and apply the philosophical, historical, and legal foundations of special education.
2. Understand characteristics of learners.
3. Assess, diagnose, and evaluate learners.
4. Develop instructional content and effective practice.
5. Plan and manage the teaching and learning environment.
6. Manage student behavior and social interaction skills.
7. Communicate effectively and develop collaborative partnerships.
8. Demonstrate professionalism and ethical practice.
