SUBJECT: Spring 2003 Semester Preliminary Enrollment Report

Enclosed is the fifth preliminary enrollment report for the Spring 2003 Semester, which is reflective of all registration activities through February 11, 2002. This report includes all add/drop activity through tenth day of classes and excludes the “non-payment” students dropped by the Student Business Services Office. The figures shown in this report will closely resemble our final enrollments reported to UW-System.

The enrollments for the spring semester appear to be very close to our targets (92.5 % of Fall 2002) and final CDR figures from last spring. Compared to this same day last year, we continue to experience minor increases in overall headcount (+.85 %), FTE (+.40 %), and total credit hours (+.35 %). In regards to our projected target enrollments, we are seeing slight increases also in overall headcount (+.73 %), FTE (+ 1.35 %) and total credit hours (+1.25 %). When excluding Customized Instruction courses, we are seeing a slight decrease – FTE, (-.24 %) and total credit hours (-.24 %). Please refer to the final page of this report for these target enrollments, detailed customized instruction information and the daily enrollment figures for the past week.

The final Student Statistics Book will be available sometime in March after our official CDR figures are submitted to UW-System. If you have any questions, feel free to contact me at [kirschlingj@uwstout.edu](mailto:kirschlingj@uwstout.edu) or x2121.
