SUBJECT: WinTerm 2003 Session Preliminary Enrollment Report

Enclosed is the first preliminary enrollment report for the 2003 WinTerm Session, which is reflective of all registration activities through December 9, 2002.

At the current time, enrollments for the upcoming WinTerm Session appear to be down compared to this same time last year. It is somewhat early to make any conclusions, but we are experiencing decreases in total headcount (- 48 or - 4.8%), total FTE (- 7 or - 3.7%), and total credit hours (-114 or - 4.2%). The average credit load (2.41) is identical to last year so this change appears to be attributed to our decrease (- 48 students) in headcount.

The next report will be available in early January when the WinTerm session officially begins. Add/drop activity for the WinTerm session continues to remain somewhat active so the figures will continue to change slightly for the next few weeks. If you have any questions, feel free to contact me at kirschlingj@uwstout.edu or x2121.
