SUBJECT: Spring 2004 Semester Preliminary Enrollment Report

Enclosed is the fourth enrollment report for the Spring 2004 Semester. The information in this report reflects all registration activity through February 18, 2004 and includes all drop/adds processed through the tenth day of classes. Also excluded are the “non-payment” students dropped by the Student Business Services Office. Typically this report will closely resemble our final enrollments reported to UW-System.

At this time we remain behind enrollments from this same time last year. However we are a bit closer to our target figures (92.5% of Fall 2003). Compared to this same time period last year, total headcount (- 3.14 %), FTE enrollment (- 4.01 %), and total credit hours (- 3.97 %) are all showing decreases. However, current enrollments remain closer to our targets – total headcount (+ .00 %), FTE enrollment (- 1.03 %) and total credit hours (- 1.02 %). See the last page of this report for these target figures and our current laptop student figures.

The final Student Statistics Book will be available sometime in late March after our official CDR figures are submitted to UW-System. If you have any questions, feel free to contact me at kirschlingj@uwstout.edu or x2121.
