

Project Activities

(Completion of all activities are required to receive graduate credit)

Summer Institute: Measuring the Impact of PDP on Professional Growth and Student Learning

August 18-19, 2008 at UW-STOUT

At the completion of the institute, participants will:

- Identify measurable PDP outcomes
- Utilize curriculum-referenced assessment of student learning
- Develop an assessment plan to measure and report evidence of professional growth and the effect on student learning
- Describe the final PDP review process

Implementation of the PDP Assessment Plan and Final Review

- Plan submitted to institute instructor and project coordinator
- Feedback provided by institute instructor
- Ongoing interaction with institute instructor
- Assessment results submitted to institute instructor by December
- Final PDP submitted to review team by May

Online learning community interaction will occur throughout the school year

Final dinner meeting on May 27th 2009

- Report back from participants
- Project evaluation

Benefits for the teacher:

- Professional development and an opportunity to participate in a community of learners
- Support in the implementation and evaluation of the PDP
- Support for the required documentation of the completed PDP
- One graduate credit tuition free
- Free meals at the institute and meetings
- IHE Reviewer of the PDP provided by UW-STOUT faculty

Applications are being accepted beginning May 1st. Contact Dr. Jill Klefstad at klefstadj@uwstout.edu with questions.

Purpose and Eligibility

The purpose of this partnership is to provide Professional Development Plan (PDP) final review training and support for 3rd-5th year PK-12 educators.

Eligibility: PK-12 educators in their third, fourth and fifth year of teaching who are teaching 50% or more during the 2008-09 school year in a school district within the CESA 10 or 11 region.
