Vision: *Encourage leadership and innovative thinking to advance campus sustainability.*

Executive Summary

- How the campus sustainability initiative fits into UW-Stout's mission/vision/goals
- Background on the Environmental Sustainability Steering committee
-

Strategic Areas

1. Academic Initiatives

a. Courses & Programs **OPEN**

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

b. Research & Outreach (**Diane Olson**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

2. Energy (**Zenon Smolarek**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

3. Environmental Quality/Land-Use/Storm Water Management (**Amanda Little**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

UW-Stout Environmental Sustainability Action Plan

4. Resource use/Recycling/Composting (**Jen Parker & Chris Lunde**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

5. Transportation (**Amy McGovern**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

6. Built Environment (**Derek Huber**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

7. Food (**Jim Handley**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

8. Administration & Finance (**Raina Clark**)

- Introduction/relevance
- Background/current state of affairs at UW-Stout
- Recommended actions

Climate Action Plan

This part of the plan specifically addresses green house gas emissions. The Climate Action Plan will be propagated with all those items in the strategic areas that address green house gas emissions (it will not contain much original material).

- GHG emissions inventory results and analysis
-
