Top Five Locations
- 53% in Wisconsin
- 36% in Minnesota
- 1.7% in Illinois
- 1.3% in Colorado
- 1.2% in California

UW-Stout graduates have an average employment rate of 97 percent for the past 10 years.
ANNUAL EMPLOYMENT REPORT HIGHLIGHTS
August 2016, December 2016, May 2017 graduates

- 98.2 percent of the respondents reported they were employed or continuing their education. Knowledge rate of graduates was 81 percent.
- Of those employed, 87 percent reported employment related to their major.
- 1.8 percent reported they were “seeking employment.”
- 4.7 percent reported they were continuing their education.
- The median salary reported was $43,000. Average salaries are reported for each major.
  (Only base salaries are reported. Commissions, bonuses and incentives are not included in these figures.)

ADDITIONAL SUCCESS FACTORS
(During the 2016–2017 school year)

- 1,115 students received one-on-one counselor appointments.
- 1,514 on-campus interviews took place for professional and co-op positions.
- 792 employers, more than 950 company representatives, and nearly 3,900 students participated in Spring and Fall Career Conferences.
- 1,084 students participated in the Cooperative Education program giving them invaluable hands-on experience prior to graduation, averaging $14.97/hr.

Note: Other factors contribute to the success of UW-Stout’s graduates, but these are most noteworthy.

CAREER SERVICES AT UW-STOUT
Career Services is a centralized office at UW-Stout which serves students from all majors on campus. One of the main services students use is individual appointments with professional career counselors. Also, Career Services manages a highly successful Co-op program as well as the planning and execution of two of the Midwest’s largest Career Conferences annually. In addition, Career Services provides online resources to assist students, including:

- CareerLink: Comprehensive career and job search database tool, helping to connect students to employers
- CareerSpots: Robust online career video library
- Interview Stream: Online mock interview tool
- MyWorldAbroad and Going Global: Top international career guides
- ReferenceUSA: Online directory of more than 15 million U.S. businesses and organizations
2016–2017 TOTALS

Total number of degrees issued * .................................. 1,629
Total number of graduates ............................................. 1,593
Knowledge rate .......................................................... 81%
Available for employment ........................................... 1,325
Number employed related to major ............................... 1,151
Number employed out of major .................................... 87
Number continuing education ........................................ 63
Number seeking employment ......................................... 24
Number not seeking by choice ** ................................. 4
Number with no information available ............................ 300
Employment or continuing education rate .................... 98.2%

This report is based on information from 1,325 graduates (81% of the reported undergraduate degrees issued).

EMPLOYMENT SUMMARY COLUMN HEADINGS

Total Degrees Issued
Information received from the Registration and Records Office.

Available for Employment

Employed Related to Major
Full-time and Part-time employment information collected from graduating students.

Employed Unrelated to Major
Full-time and Part-time employment information collected from graduating students.

Continuing Education
Graduates who are pursuing post-graduation programs of further study.

Seeking Employment
Graduates who have indicated Seeking Employment or engaged in the job-search process.

Percent Employed or Continuing Education
Percentage of graduates Employed Related to Major, Employed Unrelated to Major, and Continuing Education divided by Available for Employment.

Salary Average
The average of salaries reported. Minimum of three reported salaries needed.

Survey Method
The Career Services office at UW-Stout conducts an employment survey each year to determine the post-graduate status of Bachelor degree undergraduates. Multiple attempts are made prior to and after graduation to collect the information, including: providing a copy of the survey with each graduate’s diploma, conducting follow-up e-mails and phone calls, accessing social media and collaborating with faculty and staff.

Knowledge Rate
Knowledge rate is defined as the percent of graduates for which the institution has reasonable and verifiable information concerning graduating students’ post-graduation career activities.
