COLLABORATIVE LANGUAGE PROGRAM (CLP)
Register for Your Courses in 2 Steps

STEP 1 Request Your Permission Number

Permission Number Website (click to open): https://uwex.wisconsin.edu/request-permission-number?program=CLP

1. Log in with your home campus credentials.
2. Select Add or Request Approval for the course(s) you want.
3. Click Continue.
4. Review your selections, then click Submit.
5. Find your permission number(s) on the Request Summary page.

EMAIL CONFIRMATION

Permission numbers are also emailed to your campus account. Check spam/junk if needed.

STEP 2 Complete Your Course Registration

1. Log in to your home campus registration system with your home campus credentials.
2. Use your permission number(s) to complete course registration.

Need help accessing your campus registration system account? Contact your home campus academic advisor.

IMPORTANT: THE TWO STEPS MAY HAPPEN ON DIFFERENT DATES

The permission number website opens to all program students at the same time, but your home campus registration window may open later.

Check your registration dates in your home campus account. A permission number alone does not mean you are registered.
