Phone: (715) 232-5025
grantje

Biology Department
University of Wisconsin-Stout

I. EXECUTIVE SUMMARY

Research Credentials: Dr. Grant has an expert track record in proteomics and protein chemistry. Working with models of both heart failure and multiple sclerosis, Dr. Grant has published advanced quantitative proteomics studies comparing differential protein expression between health and diseased tissue. This expertise relates directly to protein citrullination, and several additional publications relating to the use of covalent modification strategies to identify proteins and peptides in complex biological matrices. Dr. Grant has mentored more than fifty undergraduates as research assistants, supervised fourteen senior theses, and co-authored nineteen posters that were presented at national venues with undergraduates. In 2012, Dr. Grant was the UW-Stout Emerging Researcher of the Year.

Teaching Accomplishments: Dr. Grant teaches a variety of courses including those related to biology, chemistry, and the health sciences. She has collaborated to innovate in how mass spectrometry is taught to undergraduates, the subject of an NSF ATE grant that resulted in the dissemination of two popular videos. One of her SoTL projects involves encouraging undergraduates, both science majors and students across campus, to write to learn how their college curriculum is relevant to both their daily lives and their careers. Dr. Grant has

Service Leadership: Dr. Grant has stepped up to lead in critical issues both within the Biology Department and across campus. Having served as the Chair of the Personnel Policies Committee, she has made contributions to a more streamlined and inclusive campus. Closer to home in the Biology Department, she has invested her time in addressing critical needs such as addressing a major revision of department By-Laws and initiating a Biology Tutoring Center. Her role as the Concentration Coordinator for APSC: BIO has opened up new opportunities to innovate in how students receive academic advising.

II. PROFESSIONAL CREDENTIALS

EDUCATION

- Ph.D.** University of Wisconsin Medical School, Madison WI November 2004
Molecular and Cellular Pharmacology Advisor, Arnold Ruoho Ph.D.
Dissertation: Mapping binding surfaces between the cyclic GMP phosphodiesterase γ -subunit and the transducin α -subunit using γ -subunit photoprobes.
- M.S.** Case Western Reserve University Medical School, Cleveland, OH May 1997
Biochemistry. Advisor, Vernon Anderson Ph.D.
Master's Thesis: Enoyl-CoA Hydratase: Elucidation of the Chemical Mechanism
- B.A.** Oberlin College, Oberlin, OH May 1993
Biochemistry, with a minor in German Language.
Senior Thesis: Identifying Catalytic Antibodies Advisor, Miguel Mitchell Ph.D.

PROFESSIONAL APPOINTMENTS

- Professor** 2018-present
Department of Biology, University of Wisconsin-Stout, Menomonie, WI
- Tenure** August 2015
Department of Biology, University of Wisconsin-Stout, Menomonie, WI
- Associate Professor** 2013-2018
Department of Biology, University of Wisconsin-Stout, Menomonie, WI
- Assistant Professor** 2009-2013
Department of Biology, University of Wisconsin-Stout, Menomonie, WI
- Postdoctoral Scholar** 2007-2009
NHLBI proteomics Center at MUSC and the
Department of Cell and Molecular Pharmacology
The Medical University of South Carolina, Charleston, S.C.
Advisors: Kevin L. Schey, Ph.D. and Daniel R. Knapp, Ph.D.
Project: Investigation of differential protein expression in experimental models of
cardiac hypertrophy.
- Postdoctoral Fellow** 2006-2007
Center for Advanced Proteomics Research and the Department of Biochemistry
New Jersey Medical School
University of Medicine and Dentistry of New Jersey, Newark, N.J.
Advisor: Hong Li, Ph.D.
Project: Delineation of differential protein expression in experimental models of
multiple sclerosis using iTRAQ Technology.
- Postdoctoral Scholar** 2005-2006
Cardiovascular Training Program and the Department of Physiology
University of Wisconsin Medical School, Madison, W.I.
Advisor: Jeffery W. Walker, Ph.D.
Project: Identification of PKC phosphorylation sites on troponins using isotope
labeling strategies.

AWARDS AND HONORS EARNED WHILE AT UW-STOUT

- Chemistry Award for the iCollaborative Pre-Health Collection, the American Association of
Medical Colleges; 2013.
Earned for the collection of human health-themed graphic narratives my students authored
in the Human Biology course, BIO-132.
- Milton Pella Grant, Wisconsin Society of Science Teachers; 2013, \$1,000.

Front and Center Award (co-award with Diana Suilmann); Wisconsin Society of Science Teachers; 2012, \$150.

University of Wisconsin-Stout Emerging Outstanding Researcher of the Year; 2012.

Honorable Mention, Graduate Women in Science Annual Awards; 2012.

University of Wisconsin Libraries Research Fellow; 2012.

Curious Stout Innovator Award, Nakatani Teaching and Learning Center UW-Stout; 2011. \$500.

HONORS AND AWARDS PRIOR TO UW-STOUT SERVICE

Postdoctoral IRACDA Scholarship, NIH K12GMO81265	2007-2009
This award allowed Dr. Grant to teach at Claflin University, which is a Historically Black College or University (HBCU).	

Postdoctoral NRSA Fellowship	2005-2006
-------------------------------------	-----------

Honors, Ph.D. Qualifying Examination	2001
Molecular and Cellular Pharmacology Department University of Wisconsin-Madison, Madison, WI	

Gould AMI Academic Scholarship	1989-1990
---------------------------------------	-----------

III. RESEARCH ACCOMPLISHMENTS

My research group engages from seven to ten undergraduates in proteomics research each year. In my view, students participating in research learn research skills, and gain greater knowledge of their strengths and weaknesses. Since 2009, I have supervised over fifty students as research assistants, with twelve Applied Science students completing a thesis as a concentration requirement. Sixteen of my research assistants have co-authored articles or posters at national meetings. In 2016, two of my thesis students were awarded the STEM Outstanding Undergraduate Researcher Award; one was named a University of Wisconsin-Stout Outstanding Undergraduate Researcher.

RESEARCH AWARDS

University of Wisconsin-Stout Emerging Outstanding Researcher of the Year; 2012.

Honorable Mention, Graduate Women in Science Annual Awards; 2012.

University of Wisconsin Libraries Research Fellow; 2012.

PATENT APPLICATIONS

Kadnikov, D.V., and Grant (WiSys Foundation), J.E. Filed for a Patent for Citrulline Research; 7-22-2020.

Kadnikov, D.V., and Grant, J.E. (WiSys Foundation) Provisional Patent for Citrullination Research; 2019.

EXTRAMURAL FUNDING TO SUPPORT RESEARCH (\$48,643 TOTAL)

Grant, J.E.; Kadnikov, D.V.; Patterson, M.E. *Ignite Grant, WiSys Technology Foundation*. \$49,080. *Principal Investigator*. Awarded.

Kadnikov, D.V; **Grant, J.E.** *Applied Research Grant, WiSys Technology Foundation*. June 2017-August 2018. \$48,643. *Co-Principal Investigator*. Awarded.

INTRAMURAL FUNDING TO SUPPORT RESEARCH

Grant, J.E. UW-Stout Student Jobs Program supporting research assistants, 2012-present.

Grant, J.E. UW-Stout Student Jobs Program supporting research assistants, 2012-2017.

Grant, J.E.; Kirk, J.; Ray, M. To prepare an NSF Major Research Instrumentation Grant. *University of Wisconsin WiSys Foundation Assistance for Extramural Grant Applications*, 2011. \$1,500. *Principal Investigator*.

Grant, J.E.; Parsons, A.M. Collaborative Integration of Research into the Curriculum and Learning Environment (BIO-Circle). *University of Wisconsin WiSys Reassignment Time Grant*. \$3,500. *Principal Investigator*.

Grant, J.E. Aging Hearts. *Faculty Research Initiative Grant, University of Wisconsin-Stout*. Awarded 2009, \$8,000.

INTRAMURAL PROFESSIONAL DEVELOPMENT GRANTS

Grant, J.E. A Pharmacology Initiative at Experimental Biology 2019 Conference. *Professional Development Grant, University of Wisconsin-Stout*, 2019. \$1,808.

Grant, J.E. To Present, and to Escort Eight Students, at Experimental Biology 2018 Conference. *Professional Development Grant, University of Wisconsin-Stout*, 2018. \$300.

Grant, J.E. Career Development and Research Dissemination at the Experimental Biology 2017 Conference. *Professional Development Grant, University of Wisconsin-Stout*, 2017, 2017. \$1,000.

Grant, J.E. Career Development and Research Dissemination at the 63rd ASMS National Conference. *Professional Development Grant, University of Wisconsin-Stout*, 2015.

\$1,297.

Grant, J.E. Minneapolis ASMS. *Professional Development Just-In-Time Grant*, University of Wisconsin-Stout, 2013. \$900.

Grant, J.E. Vancouver ASMS. *Professional Development Grant*, University of Wisconsin-Stout, 2011. \$2,891.

Grant, J.E. Salt Lake City ASMS. *Professional Development Grant*, University Wisconsin-Stout, 2009. \$2,640.

NOTABLE EXCELLENCE IN UNDERGRADUATE RESEARCHERS SUPERVISED

Kayla Boyd, B.S. Applied Science; Biochemistry and Molecular Biology concentration
STEMM Outstanding Undergraduate Researcher of 2019. Nominated by Dr. Grant

Sean Doering, B.S. Applied Science; Biochemistry and Molecular Biology concentration

Thesis Student, STEM Outstanding Undergraduate Researcher of 2016
Authored poster presentations at Experimental Biology 2016 and ASMS 2015
Authored one Student Research Grant and one Student Travel Grant

Kimberly Kadlec, B.S. Applied Science; Biochemistry and Molecular Biology concentration
Thesis Student
STEM Outstanding Undergraduate Researcher 2016
University of Wisconsin-Stout Undergraduate Researcher of 2016
First-Authored one poster presentation at Experimental Biology 2016
Awarded one UW-Stout Student Research Grant and one UW-Stout Student Travel Grant

Jalal Maghfour, B.S. Applied Science with concentration in Interdisciplinary Science
Honorable Mention, STEM Outstanding Undergraduate Researcher of 2016 (Nominated by
Dr. Grant) Attended medical school.

Dylan Meyer, B.S. Applied Science; Biochemistry and Molecular Biology concentration
Thesis Student
Honorable Mention, STEM Outstanding Undergraduate Researcher of 2014
First-authored one poster presentation at the American Society for Mass Spectrometry
National Meeting 2014
Attended graduate school in neurophysiology.
Participated in post-doctoral training at Harvard University

Justin Olson, B.S. Applied Science; Biochemistry and Molecular Biology concentration
Thesis Student
Honorable Mention, STEM Outstanding Undergraduate Researcher of 2016
One poster presentation at Experimental Biology 2015
First-Authored one peer-reviewed, published manuscript

Richard Shipman, B.S. Applied Science; Biochemistry and Molecular Biology concentration
Thesis Student Honorable Mention, STEMM Outstanding
Undergraduate Researcher of 2018
Awarded one UW-Stout Student Dissemination Grant funded
Awarded two UW-Stout Student Research Grants
ASBMB Student Chapter Travel Grant recipient
First-author or co-authored three poster presentations at Experimental Biology 2017, 2018,
and 2019)
Won the 1st Annual UW-Stout Quickpitch Competition 2018; presented crab shell project

IV. ACCOMPLISHMENTS IN TEACHING

COURSES TAUGHT AT UW-STOUT

Advanced Biotechnology (BIO-470)
ABMB-470
Applied Science Profession I (APSC-101)
Applied Science Profession II (APSC-401)
Biochemistry (CHEM-311)
Biology of Aging (BIO-125)
Concepts & Issues in Biotechnology (BIO-210)
General Chemistry (CHEM-135)
Human Biology (BIO-132)
Human Biology, Stout Online (BIO-132)
Introductory Biology (BIO-101)
Introductory Pharmacology (BIO-358)
Proteomics (BIO-425)

TEACHING-RELATED GRANTS AWARDED

Lutz, C.; **Grant, J.E.** MALDI-based Research-like Experiences in a 2YC/4YC Collaboration with a Renewable Fuels Industry Partner. *Advanced Technology Education Grant, National Science Foundation* (DUE 1400885). Awarded 2014, \$128,253. *Co-Principal Investigator*. Funding rate for the ATE grants reported at approximately 22%.

As result, the following two videos were produced and published on YouTube:

Aspaas, A.; Pieper, P.; **Grant, J.E.**; Lutz, C. Theory of MALDI-TOF Mass Spectrometry. 2016. <https://www.youtube.com/watch?v=8R1Oyqx5KfE>.

Based on analytics, this video was the most-watched YouTube video on MALDI-TOF MS in 2016 having 32,236 views over 11 countries.

Aspaas, A.; Pieper, P.; **Grant, J.E.**; Lutz, C. Sample Preparation for MALDI-TOF Mass Spectrometry. 2016. <https://www.youtube.com/watch?v=-PlrQVxtVE0>.

TEACHING AWARDS AND HONORS

Biology Department Nominee for CSTEMM Outstanding Teacher Award; 2017.

Honors College Faculty, UW-Stout Honors College; inducted 2016.

Chemistry Award for the iCollaborative Pre-Health Collection, the American Association of Medical Colleges; 2013.

This award was earned for the collection of human health-themed graphic narratives my students authored in the Human Biology course, BIO-132.

Milton Pella Grant, Wisconsin Society of Science Teachers; 2013, \$1,000.

Front and Center Award (co-award with Diana Suilmann), Wisconsin Society of Science Teachers; 2012.

Curious Stout Innovator Award, Nakatani Teaching and Learning Center UW-Stout; 2011, \$500.

EXTRAMURAL FUNDING SUPPORTING TEACHING EXCELLENCE

Lutz, C.; **Grant, J.E.** MALDI-based Research-like Experiences in a 2YC/4YC Collaboration with a Renewable Fuels Industry Partner. NSF ATE Grant (DUE 1400885). \$128,253. (2014-2018). *Co-Principal Investigator*.

INTRAMURAL FUNDING SUPPORTING TEACHING EXCELLENCE

Grant, J.E. (2016-2017) "Video and Stillshot Capture of Biology Experiments for BIO-132 Online", UW-Stout Online Teaching Professional Development Grant, \$1,374.19.

Grant, J.E.; Murray-Husted, U. (2014) "Interdisciplinary STEAM Research- Illustrating Exemplary Medical Graphic Narratives". Biology Department Indirect Costs Innovation Funds, 2014. \$1,000.

SCHOLARSHIP OF TEACHING AND LEARNING PRESENTATIONS AT NATIONAL VENUES

Grant, J.E.; Lutz, C.M.; Huffman, D. Understanding Curriculum Effectiveness and the Student Experience in a Modular Undergraduate Laboratory Experience Integrating Research and MALDI-TOF Mass Spectrometry. In Proceedings of Experimental Biology, San Diego, CA, April 22-26, 2018; Pederson, T., Ed. Federation American Societies for Experimental Biology. Poster. *Peer Reviewed Abstract*.

Grant, J.E.; Lutz, C.; Aspaas A.; Pieper, P. *A Research-like Experience using MALDI-TOF MS within a 2 Year College Organic Chemistry II laboratory: Curriculum and Implementation* (2017) 65th American Society for Mass Spectrometry Conference; Indianapolis, IN. Special Poster #2. *Peer-reviewed abstract*.

Shipman, R.*; **Grant J.E.;** *Assessing Student Competencies Using Rubrics Associated with Figure Legends and Ability to Perform the Bradford Assay in a 400-level Undergraduate Course on Proteomics*. In Proceedings of Experimental Biology, Chicago, IL, April 22-26, 2017; Pederson, T., Ed. Federation American Societies for Experimental Biology. Poster. *Peer Reviewed Abstract*.

Jaco N.*; Sonsalla, D.*; Lutz, C.; Pieper, P.; Aspaas A.; **Grant, J.E.** *Implementing a Research-like Experience using MALDI-TOF MS within a 2 Year College Organic Chemistry II laboratory*. (2017) Experimental Biology 2017; Chicago, IL. Poster. *Peer-reviewed abstract*.

Lutz, C.; **Grant, J.E.;** Pieper, P.; Aspaas, A. *Curriculum Innovation Through Collaborative Introduction of MALDI-TOF Mass Spectrometry, Undergraduate Research Methodologies, and POGIL Instructional Methods*. In Abstracts of Papers, 253rd ACS National Meeting and

Exposition, San Francisco, CA, April 2-6, 2017, CHED-307. Oral presentation. *Invited. Peer Reviewed Abstract.*

Lutz, C.; **Grant, J.E.**; Aspaas, A; Pieper, P. (2016) *MALDI-based Research-like Experiences in a 2YC/4YC Collaboration with a Renewable Fuels Industry Partner.* In Program of the National Science Foundation Advanced Technology Education Conference 2016. Washington D.C., October 26-28, 2016. Showcase presentation.

Aspaas, A.; Lutz, C.; Pieper, P.; **Grant, J.E.** *A Collaborative Approach to Incorporating Undergraduate Research and MALDI-TOF Mass Spectrometry Into a Two-Year College.* In Program of the 213th 2YC3 Conference, San Diego, CA, March 11-12, 2016. Oral Presentation. *Peer Reviewed Abstract.*

Lutz, C.; **Grant, J.E.**; Aspaas, A.; and Pieper, P. *MALDI-based Research-like Experiences in a 2YC/4YC Collaboration with a Renewable Fuels Industry Partner.* In Program of the National Science Foundation Advanced Technology Education Principal Investigator's Meeting. Washington D.C., October 21-23, 2015. Showcase presentation.

Lutz, C.; Pieper, P.; Aspaas, A.; **Grant, J.E.**; and Pieper, P. *A Collaborative Approach to Overcoming Barriers to Undergraduate Research in 2 -year Colleges.* In Program of the 210th 2YC3 Conference, Kaneohe, HI, May 20-23. Oral Presentation. *Peer Reviewed abstract.*

Grant, J.E. *The Illustrated Novel Mastery Project in Biology Enhances Critical Thinking and Student Engagement in a General Education Course.* In Proceedings of the International Society for the Scholarship of Teaching and Learning, Hamilton, Canada, October 24-27, 2012. Oral Presentation. *Peer Reviewed Abstract.*

Grant, J.E.; Doerr*, K.W.; Kadlec, K.*; Lauersdorf, T.* (2012) *MALDI Mass Spectrometry in the Age of Undergraduate Research.* In Proceedings of the 2nd STEM Agenda Conference for the American Society for Quality "Advancing the STEM Agenda", Menomonie, WI, July 16-17, 2012; Veenstra, C., Ed. Menomonie, WI. Poster. *Peer Reviewed Abstract.*

Grant, J.E.; Suilman, D; Hashmi, M. *Inspiring Non-Major Students in STEM Courses: The Illustrated Novel Mastery Project.* (2011) In Proceedings of the International Society for the Scholarship of Teaching and Learning, Milwaukee, WI, October 20-23, 2011. Oral Presentation. *Peer Reviewed Abstract.*

Thomas, K.; Klefstad, J.; **Grant, J.E.**; Schumacker, J. (2011) *Should Colleges require reading and writing?* In Proceedings of the International Society for the Scholarship of Teaching and Learning, Milwaukee, WI, October 20-23, 2011. Oral Presentation. *Peer Reviewed Abstract.*

Little, A.; Hashmi, M.; **Grant, J.E.** (2011) *Interdisciplinary lesson study: Using case studies to build graph interpretation and web evaluation skills, and student enthusiasm.* In Proceedings of the International Society for the Scholarship of Teaching and Learning,

Milwaukee, WI, October 20-23, 2011. Oral Presentation. *Peer Reviewed Abstract*.

SCHOLARSHIP OF TEACHING AND LEARNING PRESENTATIONS AT STATE VENUES

Grant, J.E. (2014) Student Authored Graphic Narratives to Increase Student Engagement. Wisconsin Society of Science Teachers Convention, Appleton, WI. Workshop. Presentation. *Peer-reviewed abstract*.

Suilmann, D **Grant, J.E.** (2012). *Use of Graphic Novels in a High School Classroom*. Wisconsin Society of Science Teachers Convention, Madison, WI. Workshop. Presentation. *Peer-reviewed abstract*.

Grant, J.E. (2012) Collaborating with Universities to Bring MALDI-TOF Mass Spectrometry Into the Classroom. Annual Conference of the Wisconsin Society of Science Teachers. Madison, WI. Presentation.

Hashmi, M.; **Grant J.E.**; Suilmann, D. (2011) An Innovative Teaching Tool for STEM Disciplines: The Illustrated Novel. 2011 ASQ STEM Agenda Conference, Menomonie, WI. Presentation. *Equal Co-Author and Project Inventor*.

Hashmi, M.; Little, A.; **Grant, J.** (2011) Interdisciplinary lesson study: Using case studies to build graph interpretation and web evaluation skills, and student enthusiasm. 2011 ASQ STEM Agenda Conference, Menomonie, WI. Oral Presentation. *Equal Co-Author*.

Hashmi, M.; **Grant, J.E.**; Little, A. (2011) Interdisciplinary lesson study: plants, drugs, and depression. UW-System President's Summit, Madison, WI. Oral Presentation. *Equal Co-Author*.

PUBLICATIONS IN THE SCHOLARSHIP OF TEACHING AND LEARNING

Berg, R.; **Grant, J.E.**; Kirk, J.S.; Zimmerman, T. Leveraging Recorded Mini-Lectures to Increase Student Learning. *Online Classroom*. 2015, 14, 5-8.

Hashmi, M.P.; **Grant, J.E.**; Suilmann, D. Inspiring Non-Science Students in STEM Courses: Illustrated Novels in Two Linked Learning Communities. In *Advancing the STEM Agenda: Quality Improvement Supports STEM*: Veenstra, C.P., Padró, F.F., and Furst-Bowe, J.A. Eds.; Quality Press: Milwaukee, WI, 2012; pp 97-112.

V. SERVICE

MENTORING

I have mentored people of all types and from a variety of backgrounds, including formal and informal mentoring roles. More formal roles include service as a departmental mentor to new faculty, and responsibilities to undergraduate science students as both a research mentor, and academic advisor, and a champion of student self-fulfillment of career goals. I have also served in various informal roles, mentoring both junior faculty and level-appropriate peers in my capacity as the Personnel Policies Committee Chair, as a senior faculty member, and as a champion of thoughtful consideration in decision-making.

SERVICE-RELATED GRANTS

Grant, J.E. Online Advising Technology and Protocols.
Chancellor's Innovation Fund. Awarded 2020, \$2,100.
Principal Investigator.

INTERNATIONAL SERVICE

Reviewer, the Netherlands Organization for Scientific Research; 2017.

FEDERAL SERVICE

Grant Reviewer, Education and Human Resources, Division of Undergraduate Education, at the National Science Foundation; 2020.

HIGHLIGHTS OF LEADERSHIP WITH NATIONAL ORGANIZATIONS

Participant, Focus Group on Undergraduate Expansion American Chemical Society; June 2020.

Member, Task Force on Undergraduate Education, ASPET; Sept. 2019-present.

Panelist, "PhD Job Search Panel Series: Science in Academia." Graduate Women in Science; April 2019.

Accreditation Committee, American Society for Biochemistry and Molecular Biology; 2017-2019.

Postdoctoral Grant Award Committee, American Society for Mass Spectrometry; 2015 and 2016.

Session Chair, *Identification of Post-Translational Modifications,* American Society for Mass Spectrometry Conference; Baltimore, MD; 2014.

Education Committee, American Society for Mass Spectrometry; 2013.

Chair, Co-Chair and Founder, Undergraduate Research in Mass Spectrometry Interest Group, American Society for Mass Spectrometry; 2009-2012.

Led the charge to form this interest group. We developed and implemented a workshop geared towards undergraduate students, a workshop that is still going strong today.

HIGHLIGHTS OF SERVICE AT THE NATIONAL LEVEL

Review Board Member, Journal of Scholarship of Teaching and Learning; Spring 2017-2019.

Presenter, Career Paths Seminar, NeXXt Scholars Program, February. 2014.

NeXXt Fellow, New York Academy of Sciences and the US Department of State; 2013-2015.

I served as the mentor for a female undergraduate student under this program that matched mentors with students from Muslim-majority countries. My student was a muslim student from Malaysia studying STEM at Smith College.

Panelist, “The Academic Job Search” panel discussion, the 2009 IRACDA Conference; June 2009.

HIGHLIGHTS OF TEXTBOOK AND JOURNAL REVIEW ACTIVITY

Reviewer, Lehninger’s Principles of Biochemistry 17th Edition by Nelson and Cox. MacMillon Publishing.

Reviewer, Human Biology 15th Edition by Sylvia Mader. McGraw Hill Publishing.

Reviewer, averaging two articles per year for prestigious journals including journals within my discipline, including but not limited to:

<i>Journal of Proteomics Research</i>	<i>Proteomics (Journal)</i>
<i>Journal of the ASMS</i>	<i>Nature Communications</i>
<i>Journal of Teaching and Learning with Technology</i>	<i>Journal of Alzheimer’s Disease</i>

HIGHLIGHTS OF SERVICE AT THE STATE LEVEL

Panelist, Mentoring Undergraduate Research Remotely during COVID-19 and Beyond; Wisconsin Council on Undergraduate Research (WisCUR) workshop (virtual). August 18, 2020.

Participant, 2020 Forward UW-System HIPS Initiative Meeting #1, Fall 2020 .

Poster Judge, 12th Annual Wisconsin System Technology Symposium; Menomonie, WI. July 22-23; 2019.

Reviewer, Wisconsin System Wis-Arg Grant; 2017-2019.

Reviewer, Improving Teacher Quality Program, The University of Wisconsin System, 2012.

HIGHLIGHTS OF INTERCOLLEGIATE SERVICE

Recommender, Letter recommending Tenure for Andrew Ottens, Ph.D. at Virginia Commonwealth University; 2015.

Lead, Collaborations Task Force, Wisconsin Council for Undergraduate Research; 2014.

Participant, Wisconsin Council for Undergraduate Research (WisCUR) URSCA Meeting, Lacrosse, WI, 2014.

Event Supervisor, Science Olympiad for Wisconsin State Event for Protein Structure; 2012.

HIGHLIGHTS OF LEADERSHIP AT THE UNIVERSITY LEVEL AT UW-STOUT

Chair, Sabbatical Committee; 2020-present. Elected.

Chair, Personnel Policies Committee; 2020-present. Elected.

Mentored peers and junior faculty in the promotion process, and supervised updates to Faslah.

Member, Faculty Senate Executive Committee; 2020-present. Elected.

Chair and CSTEMM Representative, Research Fellows Appointment Committee, 2019-2020. Elected.

Chair and CSTEMM Representative, Sabbatical Review Committee, 2019-2020. Elected.

Vice-Chair and CSTEMM Representative, Sabbatical Review Committee, 2018-2019. Elected.

Assistant Trip Leader, Comics in Iceland- UW-Stout Study Abroad, Summer 2018.

Chair and CSTEMM Representative, All-University Associate Professor Promotion Committee, 2017-2018. Elected.

Responsible for deciding on candidates' suitability for promotion to associate professor at the university level.

Chair, Personnel Policies Committee; 2016-2017.

Led major revisions to promotion and sabbatical processes. Changes to the promotion process included deep structural changes to the committee structure and process.

Member, Faculty Senate Executive Committee; 2016-2017. Elected.

Founding Student Club Advisor, UW-Stout American Society for Biochemistry and Molecular Biology Chapter; 2014-present.

Chair, Grant-Writing Community of Practice, Nakatani Teaching & Learning Center, Fall 2012-Spring 2013.

Lead Chair, Illustrated Novels Community of Practice, Nakatani Teaching & Learning Center, 2011-2012.

Founding Student Club Advisor, UW-Stout Pre-Pharmacy Club, 2010-2015.

HIGHLIGHTS OF COMMITTEE SERVICE AT THE UNIVERSITY LEVEL AT UW-STOUT

Member, Full Professor Promotion Committee; 2020-present. Elected.

Committee Member, Termination of Employment Committee Action in 2019, Spring 2019.

External Reviewer, Senior Capstone Midterm Review, Animation Class; Spring 2019.

CSTEMM Representative, All-University Associate Professor Promotion Committee, 2018-2019. Elected.

STEMM Representative, Planning and Review Committee, 2018-present. Elected.

STEMM Representative, Personnel Policies Committee, 2018. Elected.

Senator Alternate, STEMM College Representative to Faculty Senate; 2017-2019.

Member, Termination of Employment Committee; 2017-2019.

Faculty Senator, Biology Department; 2015-2017.

CSTEM Representative, University Promotions Committee for Associate Professor; 2013-14 and 2015-2016.

Faculty Member At Large, Faculty Senate Election Committee, 2013-2016.

CSTEM Representative, Curriculum and Instruction Committee; 2013-2014.

Voting Member, Outstanding Researcher Selection Committee, 2013-2014.

Member, Bachelor of Science in Professional Communications and Emerging Media Advisory Board 2013-2014.

Member, Stout Advising Network, 2012-2013.

CSTEM Representative, RESA/GLP Advisory Committee, 2012-2013.

Alternate Senator for Biology, UW-Stout Faculty Senate, 2012-2014.

Member, Positive Action Committee, 2012-2013.

Faculty Mentor for Biology, Get Professors Back in Dorms Program, Fall 2011.

Interviewer, Stout Scholars' Day, 2011, 2012, 2014.

HIGHLIGHTS OF PRESENTATIONS TO THE UNIVERSITY OF WISCONSIN-STOUT

Presenter, "Integrating Research into Classes", NTLC New Instructors' Workshop. August 2018.

Presenter, "You Said We Did", January Professional Development Week, January 2017.

Panelist, "Making a Difference through Student Org. Advising", January Professional Development Week, January 2014.

Guest Speaker, "Ins and Outs of Grant Writing", UW-Stout Research Club, November 2013.

Presenter, NTLC New Instructors' Workshop. August 2013.

Presenter, with Julie Peterson. "Scholarship and Research". New Instructor's Workshops, Fall 2012.

Lead Presenter, "The Illustrated Novel Mastery Project", January Professional Development Week, UW-Stout, January 2011.

HIGHLIGHTS OF PRESENTATIONS TO UNIVERSITY-WIDE STUDENT GROUPS

Panelist, Honors College Colloquium "The Death and Life of the Great Lakes." Spring 2019.

Panelist, McNair Panel Discussion: "Preparing Grad School Applications", McNair Program, Menomonie, WI; August 2016, August 2018, May 2019, May 2020.

Discussion Leader, Honors College Colloquium, Spring 2019, Fall 2018, Spring 2017, Fall 2016, Fall 2015, Fall 2012, Fall 2010.

HIGHLIGHTS OF SERVICE TO THE STEMM COLLEGE OF UW-STOUT

Peer Reviewer, "Best Teaching Practices for Online Laboratory Instruction" Document, Nakatani Teaching and Learning Center, Summer 2020.

Reviewer, Invited Peer Reviewer for a Senior Faculty's online course, Spring 2020.

Presenter, STOUT Connects You, STEMM College; October 2019, February 2020.

Presenter, Science Olympiad Pre-Event Workshop, STEMM College, March 2019.

Presenter, STEM Day, STEMM College, November 2017.

Event Supervisor, Protein Modeling Event, Science Olympiad Regionals, 2015, 2009-2011.

Host, Spring Meeting of the Wis-Share Group, Spring 2013.

Presenter, Protein Structure, Menomonie Girl Scouts Day, 2012.

Presenter, Protein Modeling, UW-Stout STEM Career Day, 2011.

Presenter, UW-Manitowoc Day at UW-Stout, 2011.

Presenter, STEM Career Day, UW-Stout STEM College, 2011.

Event Supervisor, Protein Modeling Event, Science Olympiad Boyceville Invitational, 2011.

Co-Chair, University of Wisconsin-Stout Adventures with Women in Science Day, 2010.
With the event chair, organized and supervised science activities for middle-school girls.

HIGHLIGHTS OF LEADERSHIP AT THE PROGRAM LEVEL

Founding Columnist, Alumni Spotlight, Applied Science Program Newsletter; 2020-present.

Founding Columnist, Career Corner, Applied Science Program Newsletter; 2020-present.

Founding Concentration Director, Biology Concentration, Applied Science Program; 2019-present.

Chair, ABMB Program Educational Objectives Sub-Committee, Fall 2018.
Led the effort to draft educational objectives for the ABMB major.

Concentration Director, Interdisciplinary Science Concentration, Applied Science Program; 2014-2018. Spear-headed a revision to this concentration that streamlined requirements and created two tracks within the concentration.

Curriculum Sub-Committee Chair, proposed Applied Biochemistry and Molecular Biology Program; 2015-2017. I organized the curriculum for this rising major and ensured a student could graduate with 120 credits.

LEADERSHIP IN THE BIOLOGY DEPARTMENT AT UW-STOUT

Chair, Biology Department Departmental Priorities Committee; Spring 2020-present.

Director of the Biology Tutoring Resource; Fall 2019-present.

Course Revision Lead, Introductory Pharmacology; Fall 2019.

Departmental Mentor to Brian Teague, Ph.D.; 2018-2019.

Chair, By-Laws Committee, Biology Department; 2017-2018; Appointed.

Course Proposal Developer, ABMB Senior Capstone (ABMB470), 2016-2017.

Lead Instructor, Human Biology, 2015-present.

Led the first revision of this course since 1998. The revision was used by the university as an example proposal for a GE ARNS course. Approved Fall 2019.

Spear-headed a backwards-design initiative to revise the laboratory experiences in this course in 2019. Also, revised labs for the fully online Human Biology courses.

Led generation of the first multi-instructor General Education Assessment Survey for BIO-132 in 2018.

Chair, By-Laws Committee, Biology Department; 2014-2017; Elected.

Led successful revision of the department by-laws.

Advisory Board Member, Applied Science Program, 2012-present.

HIGHLIGHTS OF SERVICE TO THE BIOLOGY DEPARTMENT

Member, Biology Department Academic Staff Committee; 2020-present.

Member, Biology Department Lab Safety Reopening Committee; 2020.

Member, Post-Tenure Review Committee for Amanda Little, Ph.D.; December 2019.

Member, Biology Department Budget Committee; 2018-present.

Member, Biology Department Curriculum Revision Committee; 2018.

APSC Representative, Biology Department Scheduling Committee; Fall 2018 – present.

Member, Biology Department Academic Staff Committee; 2018-2019.

Member, Cell and Molecular Biologist Search Committee; 2017.

Chair, Biology Department By-Laws Committee; 2017-2018; Appointed.

Member, Biology Department Personnel Committee; 2015-present.

Course Developer, Proteomics (BIO-425) Course Proposal; 2009-2010.

STUDENT DISSEMINATION GRANTS SUPERVISED

Freiermuth, M.M. (2019) Request for Travel to Experimental Biology 2019. UW-Stout ASBMB Student Chapter Travel Award. \$500.

Junaidi, N. (2019) Request for Travel to Experimental Biology 2019. UW-Stout ASBMB Student Chapter Travel Award. \$500.

Freiermuth, M.M. (2019), To Sponsor the Presentations of Six Students from Three Research Groups at Experimental Biology 2019. \$4,056. (K Boyd, G Dachel, Freiermuth, N Junaidi, R Knier, N Wrobel)

Dachel, G. (2018) To Sponsor the Presentations of Eight Students from Three Research Groups at Experimental Biology 2018. Experimental Biology Conference in San Diego, CA. UW-Stout Dissemination Grant, \$5,538. (G Dachel, B Delaney, R Knier, B Laufenberg, M Loughrin, R Shipman, R Richter, K Thompson)

Richter, R. (2017) Request for Travel to Experimental Biology 2018. UW-Stout Dissemination Grant, \$1,000.

Shipman, R. (2017). UW-Stout ASBMB Student Chapter Travel Award for Experimental Biology 2018. \$500.

Mullen, P. (2017) To present outreach information at the 2017 American Society for Biochemistry and Molecular Biology (ASBMB) Annual Meeting. Experimental Biology Conference in Chicago, IL. UW-Stout Dissemination Grant, \$860. (G Dachel, B Delaney, B Laufenberg, P Mullen, R Shipman)

Shipman, R. (2017) To present data on student success in a Proteomics Course at Experimental Biology 2017. Experimental Biology Conference, Chicago, IL. UW-Stout Dissemination Grant, \$1,255.

Doering, S. (2016) Identification of Novel Antimicrobial Peptides to be used in Functional Foods. Experimental Biology Conference, San Diego, CA. UW-Stout Dissemination Grant, \$1,000.

Kadlec, K. (2016) Participation at 2016 American Society for Biochemistry and Molecular Biology. Experimental Biology Conference, San Diego, CA. UW-Stout Dissemination Grant, \$700.

Doering, S.; Thomas, M.; Vang, C. (2015) MALDI-TOF Analysis of the Enrichment of Phosvitin Peptides Using Affinity Micro-Chromatography Techniques. UW-Stout Dissemination Grant, \$1,000.

Olson, J. (2015) Developing Statistical Methods for Identifying Modifications sites of Neuronal Proteins. American Society of Biochemistry and Molecular Biology. Boston, MA. UW-Stout Dissemination Grant, \$1,000.

Meyer, D.J.; Kuhn, A. (2014) Dissemination of Undergraduate Peptide Research at the 61st Annual American Society for Mass Spectrometry Conference. Minneapolis, MN. UW-Stout Dissemination Grant, \$287.

Doerr, K. (2013) Student Travel: To Present Undergraduate Research on Microcystins at the 60th Annual ASMS Conference. National Conference of the American Society for Mass Spectrometry. Vancouver, CA. UW-Stout Dissemination Grant, \$1,519.
